An Introduction to Project Management, Fifth Edition
So I have read Kathy's books through the years especially when I want to brush up on PMP terminology and moving into a Project Management role. It's a good read and she does more than just regurgitate the PMI PMBOK but instead has good examples, stories from actual events, and how reality works in Project Management.

"Information Technology
Project Management" is the
first project management
title with a focus solely on
Information Technology
projects. The book combines
the best of both worlds: an
academic text that treats
project management from a
research point of view,
providing running cases and
other strong pedagogical
elements; and a practical
text that provides hands-on
projects at the end of each
