## Transmission Fluid

### Transmission | Driveline - Mitsubishi Motors

An automatic transmission fluid of the same name is recommended for Mitsubishi vehicles with automatic transmissions. Changing manual transmission fluid is recommended to maintain a smooth transition between gears. Manual transmissions running dirty fluid often exhibit loud noises when shifting gears, and the gears eventually become damaged.

### Mitsubishi Eclipse 420a Manual Transmission Fluid Fill Plug Location

The transmission fluid in a Mitsubishi should be changed between 15,000 and 30,000 miles, depending on your driving conditions. Since a transmission is more likely to undergo a hefty amount of strain in highly polluted areas, it is possible that thickened sludge and harmful particles would enter your transmission closer to the 15,000 mile-mark.

What Type of Transmission Fluid for Mitsubishi Pajero ...

This fluid is used in most Mitsubishi manual transmissions. With this fluid you will get the best shift quality with long bearing and thrust life. Gear tooth wear will also be smooth and shiny unlike many other oils out there which give a smeared and wiped out look to the tooth due to the fluid ' s inability to withstand high torque conditions.
