An airboat glides across the surface of the water on a cushion of air. Perform the following calculations for a boat in which the mass of the boat and passengers is 450 kg. a. If there is no friction, how much force

### Answer Key Chapter 4

AP Physics 1 Supplemental Problem Sets. Description. The new AP\*Physics 1 exam, based on sample exam questions released to certified instructors, is a significant change from the previous AP-B exams as well as other standardized physics exams teachers and students are familiar with. It includes a focus on conceptual reasoning and transfer skills, and requires strong technical reading and information parsing, which may be even more important than the underlying physics content itself.
